A Vain Struggle,

Under this heading the Fayetteville Presbyterian has some timely and forcible suggestions which should be heeded by our people. We believe that in some sections of this State good men have been induced from welf-grounded fears for the safety of their lives and property, through combinations of ignorant negroes and white men of the very lowest instincts, upheld by the corruptions of the judiciary, to form Vigilance Committees, known by different As we have a very inadequate knowledge of the sufferings and dangers to which there people were subjected, we cannot tell how far circumstances excused these organizations, nor do we know fully what the objects of these combinations were.
